THE LOCATION

IN the "Land of the Sky" the heart of the Blue Ridge Mountains of North Carolina, sixteen miles east of Asheville, is Montreat, 2,600 feet above sea level, in a region unsurpassed for healthfulness of climate and beauty of scenery. The surrounding mountains are clothed to the summit with virgin forests. The transparent streams, that form the head waters of the south fork of the Swannanoa, as they dash over masses of rock and form numberless cascades, not only add to the charm of the landscape, but furnish an abundance of pure water to the town and sufficient power to the electric plant. Montreat has all the modern conveniences of a city, water, light, sewerage, telephone, post-office, store, etc. These features together with the quiet seclusion from the outside world, render Montreat an ideal place for a school.

ESTABLISHMENT AND PURPOSE

In 1915, Rev. R. C. Anderson, President of the Mountain Retreat Association, authorized by the Association, offered to the General Assembly of the Presbyterian Church in the United States, to be used for a Normal School, such buildings of the Association as should be necessary for such a school, without cost, except the upkeep of the buildings while in actual use by the school.

This offer was accepted and eight Synods organized the Montreat Normal School in 1916.

The purpose of the school is two fold. First, to give Christian education to worthy girls of High School and Junior College age, who desire education, are capable of receiving an education and whose character and purpose assure the best use of the same. Second, through the two year Normal course to train girls for teaching. In this course the girls have the regular teacher's training classes, and under an experienced practice teacher they observe and do regular teaching in the Montreat public schools. In including the two year Normal course the school has particularly in view the training of teachers for our mission schools throughout the surrounding states.

BUILDINGS AND EQUIPMENT

The Montreat Hotel is used as the school building. This building is sufficiently heated with steam. On the first floor are the reception hall and reading rooms. The upper floors are used

for a dormitory. The bedrooms are pleasantly located, comfortably furnished and lighted by electricity. The dining room is spacious and attractive. A library of several hundred volumes of standard books is open in the building to the students. The reading rooms are furnished with several magazines of the first class, our Presbyterian Church papers, and several daily papers, for the use of the students. Students have access, also, to the Cora A. Stone Memorial Library in Montreat.

PHYSICAL CULTURE

Every student is required to take work in Physical Culture twice a week during the time she is attending school. Attendance is compulsory unless excused by student's medical adviser.

HEALTH CONDITION

The school provides a practical nurse who lives in the dormitory and looks after the health of the students. A part of the building is fitted up for an infirmary where sick girls may be kept quiet and receive the special attention necessary. An experienced physician has over sight of the health conditions of the students. The record for the school for the past year shows that there has been very little sickness. We attribute the remarkable health of the school as a whole to the required daily exercise, the simple and wholesome diet, the good water and the mountain climate.

RELIGIOUS LIFE

Aside from the emphasis laid on the assigned course in Bible study and the regular attendance at Church services and Sunday School, the school endeavors to maintain the atmosphere of a Christian home. There are devotional services at Chapel each morning and prayers in the evening. After prayers there is a class in Shorter Catechism which is conducted by an ordained minister of the Gospel. This class is not compulsory, but all of the girls are deeply interested in the work, and most of them recite the Catechism and receive Bibles before the end of the school year.

Daily quiet hour of fifteen minutes is held during the week and on Sundays from two-thirty to five is observed as quiet hour. This time is to be used for private devotions.

The Christian Endeavor Society of the school is a live organization. The girls have entire charge of the programs and commit-

tee work. The regular Christian Endeavor Prayer meeting is held each Sunday evening, and on Wednesday the Christian Endeavor Society conducts evening prayers. Once a week there is held a C. E. Expert Class in which is studied as a text book "The Christian Endeavor Expert." The class also takes up methods of organization, and the uses of the printed helps sent out by the United Society of the Christian Endeavor. This class endeavors to train the girls so that they will be capable of organizing and conducting in the community into which they will go, societies for young people and children. Lack of such work is felt sorely in the Church today.

STUDENTS' ORGANIZATION

The student body have organized themselves into what they call the Student's Organization of the Montreat Normal School, and have adopted as their motto: Esse non Videri. This organization through its Executive Committee appoints permanent committees to take the lead in the student activities during the year, with an advisory member chosen from the faculty for each committee.

The former Literary Society—The Margaret Preston Society—is merged into this organization under a literary committee with the Instructor in English as advisory member. There is a dramatic committee, a music committee and an athletic committee.

Under this plan some very creditable work is done and interesting programs are given during the school year. This organization is also the medium through which public opinion is brought to bear upon any student who does not come up to the adopted standard.

EXPENSES FOR THE YEAR

FOR BOARDING PUPILS

Board and Tuition for the year of nine months.....	$225.00
Payable September 13th.....	125.00
Payable January 20th.....	100.00
Tuition for day pupils.....	50.00
Payable September 13th.....	25.00
Payable January 20th.....	25.00
Medical fee	5.00

Required of all students payable September 13th

Laboratory Fees:

Chemistry	5.00
Physics	5.00
Biology	.50
Domestic Art	10.00
Breakage	2.00
Diploma Fee	4.00
Certificate Fee	3.00

A charge of six per cent will be made on all accounts unsettled for thirty days.

The school will refund no fees and dues on account of irregular attendance or change in plans on the part of the students, and there will be no deduction made on account of late entrance, if late entrance is allowed at all.

No student will be enrolled for less than the entire session.

No money will be refunded on account of absence, withdrawal or dismissal. In case of protracted sickness, necessitating the withdrawal of the student, the loss will be equally divided between the student and the school.

Students and teachers will be charged at the rate of $1.00 per day for guests entertained at the school.

All checks and drafts should be made payable to the Montreat Normal School.

There are a limited number of single rooms. These rooms may be secured by paying $10.00 extra for each term, payable upon registering and January 20th.

No rooms are reserved until registration fee of $5.00 is paid.

Damage to room must be paid by the occupants.

SCHOLARSHIP LOAN FUND

It often happens that girls, highly recommended by their schools as strong capable students, and anxious to fit themselves for Christian service, especially teaching, are unable to pay even the small tuition charged. To keep such girls as these and give them the opportunity to help themselves, the Board of Trustees has established a loan fund from which a sum, not exceeding $100.00 a year, may be lent, not to be paid for at least three years after the girls leaves the school. There will be given outright from this fund to assist a deserving girl, when in the opinion of the scholarship committee it seems advisable. The loan when paid back goes into the scholarship fund and becomes thus available for the use of other girls.

In order to increase this fund the scholarship committee are organizing a Montreat Students' Aid Association with a membership fee of $2.00 a year.

Cooperation and assistance in adding to the fund would be received very gratefully by the committee who have charge of this work and they will handle donations entrusted to them most carefully and use the money where it will do most good.

Several girls who have been helped in this way during this year have made good and are an example of how much good might be done with a larger fund to draw on. Send subscriptions to Rev. R. C. Anderson, Treasurer.

Employment is given in the Montreat Hotels during the summer months to a number of girls, to assist them in meeting their school expenses.

HOW TO REACH MONTREAT

The nearest railroad station is Black Mountain, on the Southern Railway. From Black Mountain an auto line brings one to Montreat at the cost of fifty cents for passenger and seventy-five cents for trunk.

If the pupil will write to the principal just when to expect her, arrangements will be made for her to be met at Black Mountain.

For further information write to Miss Sallie N. Austin, Montreat, North Carolina.

GENERAL INFORMATION

All letters or telegrams requesting a student's absence from school must be sent to the Principal. All students must leave in the office a list of her correspondents, approved and signed by parent or guardian. All letters and packages pass through the office and must be marked with the sender's name.

Callers, if identified, may see the student upon whom they call, but may meet no other student without an introductory letter to the Principal. These calls to be made on Monday afternoon and evening.

No visitors will be received on the Sabbath.

No uniform is worn . Only simple dressing is permitted. White middy suits for fall and spring wear and dark blue middy suits for winter wear have been found suitable. Gingham dresses are comfortable all winter in the heated buildings. For evening wear simple light dresses.

Heavy walking shoes are a necessity.

Every student must be supplied with over-shoes, umbrella, rain coat and if possible a sweater.

Students should have their eyes examined before entrance. All dental work must be attended to before leaving home.

Money and valuables should be deposited with the Principal, otherwise the school can not be held responsible for their loss.

Students must provide themselves with sheets, bed spreads, pillow cases, scarfs, towels, table napkins, blankets, two clothes bags, tumbler and teaspoon (for use in room) and toilet articles. Every article should be marked plainly with the owner's name.

All laundry is done out side of the school at a reasonable rate.

COURSES OF INSTRUCTION

Three courses are offered leading to a certificate or a diploma: The Normal Course, Junior College and the Course in Domestic Science and Household Management. For a diploma sixteen units of High School work and two years of Normal School work is required.

No change can be made in the course of study after the first week.

GENERAL CONDITIONS OF ADMISSION

The applicant for admission into the Preparatory Department must present a certificate showing that she has successfully passed the examinations required by the County for admission into the High School.

The applicant for admission into the Junior College of Normal Department must present a certificate of graduation from an accredited High School, or from a school giving equivalent preparation, or pass an examination on a course equivalent to that pursued in such schools. All applications must be made upon blanks furnished by the school. She must be recommended by her pastor or some other responsible person and must bring with her a certificate of health, signed by her physician.

HIGH SCHOOL

The preparatory department of the school gives the regular course of study for a standard High School. It is accredited by the State Department of Education.

Entrance requirements for this department are completion of seven years or grade work, presentation of county certificate for entrance into High School; certificate of health signed by a physician and recommendation by pastor.

The class periods are fifty minutes.

ENGLISH

PREPARATORY COURSE

Mrs. Willis | Mrs. Miller | Miss Dickinson

First Year — 5 Periods — 1 Unit

Parsing, sentence analysis; story of English composition with frequent writing of themes; memory work from poems studied.
Readings: Kingley's Greek Heroes, Irving's Sketch Book, Lamb's Tales from Shakespeare and Cooper's The Last of The Mohicans.

Text: Hitchcock's Enlarged Practise Book in English Composition. Kittredge & Arnold's Mother Tongue, 2.

Second Year — 5 Periods — 1 Unit

Special attention is given to punctuation and to sentence structure; Frequent themes, memory work from poems studied, Current Events.
Readings: Scott's Ivanhoe, The Lady of the Lake and Irving's The Sketch Book.

Text: Wooley's Handbook of English Composition.

Third Year — 5 Periods — 1 Unit

This year is devoted mainly to the principles of Rhetoric. Special attention is given to the management of the paragraph in composition, themes.
Readings: Scott's Marmion, Quentin Durward, The Merchant of Venice, Oration of Henry T. Grady, Washington's Farewell Address, Webster's The Bunker Hill Orations.

Text: Genning & Hanson's Rhetoric.

Fourth Year — 5 Periods — 1 Unit

Parallels assigned by the instructor.
Halleck's History of English Literature is studied in such a manner as to involve a knowledge of the sources of our composite language, the rise of the English Drama, the rise of the development of the Arthurian Legends and of the English Novel. Poems committed to memory.
Readings: Tennyson's The Idylls of the King, Macbeth, Henry Esmond, Burke on Conciliation with America, Pargrave's The Golden Treasury.

Text: Halleck's History of English Literature.

LATIN

Miss Carson — Mrs. Miller

First Year — 5 Periods — 1 Unit

Beginner's work, thorough study of forms, direct method used to enliven class room work, simple reading.

Text: D'ooge's First Year Latin.

Second Year — 5 Periods — 1 Unit

Caesar's Gallic War, four books or equivalent, taken from Civil War and Nepos Lives, sight reading, Latin Composition, careful work in Grammar forms and syntax.

Text: Caesar in Gaul, D'ooge and Eastman, Latin Drill and Composition, Daniels.

Third Year — 5 Periods — 1 Unit

Cicero, Six Orations, four Catiline Orations: Manilian Law, Archias or Pardon of Marcillus, sight readings, syntax and Latin Composition.

Text: Cicero, Six Orations, Allen and Greenough, High School Course in Latin Composition, Baker and Inglis.

Fourth Year — 5 Periods — 1 Unit

Virgil's Aeneid, Books 1-6 Prosody and Latin Composition.

Text: Virgil's Aeneid, Bennett; High School Course in Latin Composition, Part 3, Baker and Inglis.

MATHEMATICS

Miss Plexico

First Year — 5 Periods — 1 Unit

Review of Arithmetic with supplementary work. 1st Term. Algebra to Fractions. 2nd Term.

Text: Smith's Advanced Arithmetic, Wentworth's New School Algebra.

Second Year — 5 Periods — 1 Unit

Algebra Completed.

Text: Wentworth's New School Algebra.

Third Year — 5 Periods — 1 Unit

Review of Algebra from beginning of the book. Practical Arithmetic once a week.

Text: Wentworth's Algebra.

Fourth Year — 5 Periods — 1 Unit

Plane Geometry completed.

Text: Wentworth-Smith's Plane Geometry.

FRENCH

Miss Carson Miss Willis

First Year 5 Periods 1 Unit

Study of forms; conversation; drill in irregular verbs emphasized.

Text: Le Premier Livre, Meras.

Readings: Les Contes et Legendes, Partier, Guerber. La Belle France, A de Monvert.

Second Year 3 Periods 1 Unit

French conversation in ordinary colloquial intercourse in class and at table.

Text: Frazier & Squair's Grammar.

Readings: From selections of Dramas: Hugo, Dandet, etc. Le Roman d'un Jeune Homme Pauvre, or Le Voyage de M. Parrichow.

Third Year 2 Periods 1 Unit

More advanced work in syntax of the language. Some command of the French idioms, both in writing and in speech.

Text: Frazier & Squair.

Readings: The Andromagne of Racine, Les Trois Mosquetaire of Dumas and other plays and selections of poetry, such as Le Ble que Leve of Bazin or Le Mesanthrope of Moliere.

HISTORY

Miss Belk

First Year 5 Periods 1 Unit

The first term of this course is devoted to the study of the history of the ancient Orient and of Greece to the death of Alexander and the break of his empire, with the study of Western Hellas. The second term should be devoted to the study of the history of Rome as far as the death of Charlemagne, the merging of the story of Greece and the story of Rome is studied.

Text: Myer's Ancient History.

Readings: Readings in Ancient History, Davis.

Second Year 5 Periods 1 Unit

A brief survey is made of the international and colonial developments since the age of discovery, the course really begins with a cross section of the governmental, social and cultural conditions of Europe about 1660 A. D. Special emphasis is

laid upon the political and social aspects of the Industrial Revolution. The great material changes, important inventions and humanitarian movements of the last half century is studied.

Text: Modern World, West.

Readings: The Last Shot, Frederick Palmer; Charlemagne, Davis.

Third Year 5 Periods 1 Unit

This study is taught as an auxiliary study to the development of the English language. As literature is the production of writers living in a certain environment, that environment must be comprehended in order to understand thoroughly the mental expression of eminent writers.

Text: Montgomery's English History.

Fourth Year 5 Periods 1 Unit

Text: History of Western Europe, Robinson.

SCIENCE

First Year 5 Periods 1 Unit

General Science—Laboratory work and note books required.

Text: Clarke—General Science.

Second Year 2 Periods ½ Unit

Botany—This course includes field work: simple experiments in seed germination and plant anatomy.

Text: Bergen's Elements of Botany.

Physiology 3 Periods ½ Unit

Text: Foster and Shore.

Third Year 5 Periods ½ Unit

Physical Geography

Text: Tarr's New Physical Geography.

Fourth Year 5 Periods 1 Unit

The elementary principles of Physics are accurately treated and illustrated. Laboratory work required throughout the year.

Text: Millikan & Gale's First Course in Physics.

BIBLE

Mrs. Willis | Miss Carson | Miss Dick

First Year | 3 Periods | 1 Unit

Comprehensive view of the Bible as a whole; Special study is made of first five books of the Bible. Memorize the books and passages from the Scripture. Prophesies concerning the coming of a Redeemer are emphasized.

Second Year | 3 Periods | 1 Unit

Study of the history of the Jews with emphasis on development in organization of worship and government.

Third Year | Credit 2 Hours

The poetry and phophesy of the Old Testament is studied. Memory work required.

Fourth Year | Credit 2 Hours

Study of the Life of Christ and foundation of the Christian Church.

Text: Stalker's Life of Christ. Edersham and other books are used for reference.

JUNIOR COLLEGE AND NORMAL DEPARTMENTS

The Junior College Course preceeded by the Preparatory course or by sixteen units from a High School which is on the accredited list given by the State Department of Education leads to a diploma. Thirty hours of work in this Department is required.

In the Normal Department a two year course is offered in Methods of Teaching, Pedagogy and Psychology. Study of the History of Education, with text books and lectures on School organization and management. Observation of teaching is required in the first year under the supervision of a trained critic teacher. The second year, eighteen weeks of teaching is required. This work is done in the Montreat Public School. Lessons plans are made, the problems met with, are discussed in class.

ENGLISH

COLLEGE COURSE

Mrs. Willis

First Year | Credit 3 Hours

Work in Exposition, Argumentation the story—as auxiliary to the work in American Literature, the eight volumes of the

Library of American Literature by Stedman & Hutchinson are freely used. They serve to familiarize the student with most of the best productions of American authors.

Text: Slater's Freshman Rhetoric. Abernathy's American Literature.

Readings: One novel of Hawthorne studied. Milton's Minor Poems; Hamlet; Julius Caesar, other plays of Shakespeare.

Second Year Credit 3 Hours

Special study is given to the romantic periods 1780-1840. More extended work in scansion is given during this year, including the study of the sonnet. Writing more in the nature of criticism and review is required in this class.

Readings: Two books of Paradise Lost, Carlyle's Essay on Burns, King Lear, Sesame & Lilies of Ruskin, Selections from Burns, Wordsworth, Coleridge, Byron, Shelby and Tennyson are studied.

NORMAL COURSE

First Year Credit 1 Hour

A practical review of the actual work of grades four and five with reference and resourcefulness in teaching.

Second Year Credit 1 Hour

An extended review of the work of grades six and seven for the purpose of definite teacher-training.

JUNIOR COLLEGE LATIN

Miss Carson

First Year Credit 3 Hours

1st Term: Horace, Odes and Selections from Epodes;
2nd Term: Livy Book 21, Prose Composition.

Text: Grammar, Gildersleeve; Latin Prose Composition, Gildersleeve.

Second Year Credit 3 Hours

Tacitus: Annals 1-6, Prose Composition.

Text: Grammar, Gildersleeve; Latin Prose Composition.

MATHEMATICS

COLLEGE COURSE

Miss Plexico

First Year 3 Periods Hours

Solid Geometry, 1st Term. Plane Triginometry, 2nd Term.
Text: Well's New Solid Geometry. Smith & Well's Plane Trigonometry.

Second Year 3 Periods Hours

Analytical Geometry. Differential Calculus.
This course is elective.

NORMAL COURSE

First Year 3 Periods Credit 4 Hours

This course gives the usual theorems and constructions of good text books, including the relations of planes and lines in space; the properties and measurements of prisms, pyramids, cylinders and cones; the sphere and triangle; the solution of numerous original exercises is required.
Text: Smith's.

Second Term

This course covers the study of the six trigometric functions as ratios; circular measurements of angles; the solution of trigonometric equations; the theory and use of logarithms.

HISTORY

Miss Belk

American History and Civil Government. Credit 3 Hours

Two-thirds of the allotted time is devoted to the study of American History and one-third to the study of Civil Government. Particular attention is given the European background during the colonial period and the national period to 1923.
Special study is accorded the policy of the United States in foreign affairs, tariff, banking, civil service, currency, corporation control, conservation of natural resources, capital and labor and other present day problems.
Civil government in the United States, its constitution, organization, and actual working.
Study is made of Parties; their function and organization, the machinery of nomination and election.

Second Year Credit 3 Hours

North Carolina History
Elective.

PSYCHOLOGY AND ETHICS

Miss Austin — Miss Dickerson

First Year — 5 Periods — 3 Hours

Psychology of Childhood, the text to be used in the Senior year, is a special branch of Psychology intended to follow is a general course in the subject. This is a sympathetic and inspiring study of children and will be a valuable part of the teacher's preparation for her work.

Text: Wordworthy and Whitley.

Required in the Normal and College work.

Second Year — 5 Periods — 3 Hours

Further study of Psychological principles with some experimental work.

Text: James Briefer Course.

Readings: Thorndike—James Talks to Teachers.

Required in Normal work.

PROGRAM OF THE TWO YEAR COURSE IN EDUCATION

JUNIOR YEAR

Miss Dickinson

First Semester

Class room Management, Credit 3 Hours.
Review of Grammar School Subjects, Credit 3 Hours.
Primary Methods, Credit 3 Hours.

Second Semester

History of Education, Credit 3 Hours.
Review of Grammar School Subjects, Credit 3 Hours.
Psychology, Credit 3 Hours.
Observation, Credit 3 Hours.

SENIOR YEAR

First Semester

Grammar School Methods, Credit 3 Hours.
Child Study, Credit 3 Hours.
School Law, Credit 3 Hours.
Educational Measurements, Credit 3 Hours.
School Hygiene, Credit 3 Hours.
How to Study and teaching how to study, Credit 3 Hours.

Second Semester

Principals of Teaching, Credit 3 Hours.
Rural School Education, Credit 3 Hours.
Practise Teaching 18 weeks.
Grades 4-7

The course in Rural School Education will include a study of the Project Problem, the Socialized Recitation, the Problem of Retardation and the relation of the school to the community.

HOUSEHOLD ECONOMICS

Miss Coxe

Entrance conditions and courses in English and Biology are the same as in the College Course. Special requirements are: one year of Household Chemistry, two years of Sewing, two years of Cooking and one year of Household Management, and one year of Practical Arithmetic.

A brief outline of this course is as follows:

Cooking 1: One period theory and two periods laboratory.

An elementary study of the food principles. The source, growth, production, general composition, nutritive value and cost of each food are studied. Serving of simple luncheons to members of the class.

Text: Cooking Book One, Lilla Frich. Reference Reading and Notes.

Cooking 2: One period theory and two periods laboratory.

A continuation of work begun in Cooking 1, with more advanced work in food study, menu making, invalid cookery, serving to invited guests. Elementary dietetics.

Text: Cooking Book Two, Lilla Frich. Reference Reading and Notes.

Students are asked to wear wash dresses to the laboratory and are required to have two white aprons. It is preferred that student bring material to school and make there, according to class room directions.

Laboratory Fee: $10.00.

Sewing 1: 3 Periods per week.

First Term: Hand sewing. Basis principles of sewing applied to simple underwear and household linen. Study of cotton and linen. Darning and patching.

Second Term: Machine sewing. Several types of cotton dresses, using shirtwaist pattern as foundation pattern. Care of sewing machine.

Text: School Needlework, Oliver C. Hapgood.
Laboratory Fee: $10.00.

Sewing 2: 3 periods per week.

First term: Drafting, making of a linen, a silk and an organdie dress by student's patterns. Hygiene and care of clothing. Suitability of clothing. Theory of color. Reference reading and notes.
Laboratory Fee: $2.00.
Household management, 3 periods a week.
Composed of members of Cooking 2 and Sewing 2.

Text: Foods and Household Management, Kinne and Cooley. Reference reading.

MUSIC DEPARTMENT

Under the skilled direction of Mr. and Mrs. Crosby Adams this department furnishes unusual opportunities for the study of music. Lessons are given individually and in class, in Piano.

Mr. Adams will conduct a Choral Class, meeting once a week. This work in Choral singing is most valuable, not only in developing the singing voice, but as increasing the student's power of self-expression. The fee for this is a nominal one and dependant on the number in the class. Members of this class who can qualify will be admitted to the Montreat Church Choir, singing in the Sunday morning service. Rare musical literature is studied for these occasions.

The study of the piano is under Mrs. Adams direction. Those who cannot arrange for her rates can study with her assistant teacher, Miss Cornelia Archer who will give weekly lessons. In addition to these, both Mrs. Adams' class and Miss Archer's class will meet at stated periods with Mrs. Adams for general review, ensemble practice and repertoire. Occasional recitals will be given.

TUITION

Individual with Mrs. Adams, one lesson a week, per semester,	$45.00
Individual with Miss Archer, one lesson a week, per semester,	25.00
Extra lessons with Mrs. Adams, each.....	2.50
Extra lessons with Miss Archer, each.....	1.00
Use of piano for practice, nine months.....	5.00
